

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Sixty-six of the Marriage Registers of Hampshire have now been printed in this series, eleven of which are included in the present volume. Of these eleven, only two date back to the sixteenth century, whilst of four others named the records do not begin till the eighteenth century ; while the others only date from the latter half of the seventeenth century.

It may be convenient to continue the list of Registers already printed :—

VOLUME I. Penton Mewsey Knight's Enham Monkton Hurstbourne Tarrant St. Mary Bourne Hurstbourne Priors Bullington Tufton Bramley Dummer Steventon Deane Wootton St. Lawrence Cliddesden	VOL. II (cont.) Up-Nately Amport VOLUME III. Sherborne St. John Eversley North Waltham Church Oakley Winchfield Elvetham Basing Dogmersfield Farnborough Hartley Wintney Long Sutton	VOLUME V. Long Sutton Strathfieldsaye St. Michael-in-the-Soke Winchester St. Lawrence, Winchester Basingstoke Baughurst Eastrop Worting VOLUME VI. Odiham South Warnborough Tadley Heckfield Stratfield Turgis VOLUME VII. Eling Sopley West Meon Silchester
VOLUME II. Faccombe Tangley Coombe Vernham Yateley Overton Winslade Aldershot	VOLUME IV. Winchester Cathedral: Marriages, Baptisms and Burials St. Swithun, Winchester Crandall	

This volume, like its predecessors, is issued without an index. The Editors hope that it will be feasible hereafter to issue a general index for the whole county, and thus avoid that great evil—an undue multiplicity of indexes. Moreover, by postponing index-making, we expedite the printing of the Registers themselves, a matter of no small moment when we remember the serious risks of fire, theft and forgery, not to

mention those of natural decay and accidental loss, to which these valuable records are continually exposed.

The following abbreviations are again made use of:—

w.=widower <i>or</i> widow.	p.=of the parish of.
s.=spinster, single woman	co.=in the county of.
<i>or</i> son of.	dioc.=in the diocese of.
b.=bachelor <i>or</i> single man.	lic.=marriage licence.
d.=daughter of.	

The Editors desire to express their thanks to the Rev. E. S. Prideaux-Brune for transcribing the Marriage Registers of Rowner, and to Canon Madge for supplying Tufton. Thanks for permission to print the Registers are due to the clergy, whose names are mentioned under the respective parishes.

It may be well to remind the reader that these printed abstracts of the Registers are not legal "evidence". For certificates application must be made to the local clergy.

Volume IX is in the printer's hand, and will be issued at an early date. It only remains to add that the Editors will gladly welcome further help in the way of transcribing the Marriage entries. Such voluntary help alone renders it possible to issue this series of the Parish Registers of Hampshire.

Hampshire Parish Registers.

Marriages at Highclere,

1656 to 1813.

NOTE.—Volume I, a paper book of 86 folios, 15½in. by 6in. The edges are much damaged, but each page has now been backed with transparent linen, and the whole book rebound in vellum. Contains Baptisms and Marriages, 1656-1674, also a few later entries of Marriages; Burials, 1656-1779. Also list of briefs, 1661-1744. It is probably the original from which Volume II was copied.

Volume II, 30 folios of parchment, roughly 11½in. by 6½in., rebound in vellum. Contains Baptisms and Marriages, 1656-1711; Burials, 1656-1679; also briefs, 1674-1678.

Volume III, 51 folios of parchment, the last 19 being blank, 12in. by 8½in., rebound in vellum. Contains Baptisms, 1712-1812; Marriages, 1715-1754.

Volume IV, printed form, in two parts, Marriages and Banns. Published by Joseph Fox, Parish Clerk to the Honourable House of Commons. Rebound in vellum. At the end of this volume are now bound up 8 pages on which are the Burials, 1780-1813. Contains Marriages, 1754-1813.

The four earlier volumes of the Registers have been rebound in vellum by the Rector, Rev. E. H. Rycroft, who has allowed these extracts to be made by the Rev. J. F. Williams.

Marriages at Rowner,

1590 to 1812.

NOTE.—The Parish Registers of Rowner are contained in eight volumes, of which the first volume only is on parchment.

Volume I (1590 to 1775) contains Baptisms, Marriages, and Burials. It is 14 in. high and 7 in. wide, and has sixty-eight leaves, fifteen of which are blank.

Volume II is 15 in. high and 9½ in. wide, and contains Marriages from October 13, 1754, to July 9, 1810. It also contains Banns of Marriage from September 22, 1754, to November 24, 1822; it has eighteen leaves, two of which are blank.

Volume III is 15 in. high and 9½ in. wide, and contains Baptisms and Burials from 1776 to 1812; it has one hundred and forty leaves, all of which are blank except twenty-seven.

Volume IV contains Baptisms from March 7, 1813, to June 7, 1885; it contains fifty leaves—none blank.

Volume V contains Burials from March 3, 1813, has fifty leaves, seventeen blank.

Volume VI contains Marriages from November 26, 1814, to December 30, 1817; it contains fifty leaves, all of which are blank except two. There appear to have been no Marriages, at least none are recorded, from 1817 to 1837.

[Volumes IV, V, and VI are of the usual size, in accordance with the Act, 52 George III, July 28, 1812.]

Volume VII is a Register of Marriages (in duplicate) in accordance to Act 6 and 7 William IV—sixteen leaves only filled up.

Volume VIII is another Register of Baptisms from July 5, 1885, and is a continuation of Volume IV.

These extracts have been made by the Rev. E. S. Prideaux Brune, and are now printed under his supervision. The proof has been collated with the Register.

Marriages at Litchfield,

1627 to 1812.

NOTE.—Volume I is a small book made up of eleven parchment folios, about 12 in. by 5½ in., roughly sewn together. The first folio has originally been intended for a cover, and on it is written “Ludshelve Register booke of Christenings, Marriages, and Burialls. September ye 7th, 1639,” but this has been written over with subsequent entries (1701 seq.). On folio 2a is the note given below, and the entries begin on folio 3a, though on folio 2b there is a list of “Children brought from other p'ishes to be Christened, & some others buried,” between the years 1638 and 1654. The earliest entry in this volume is of a baptism on 29 August, 1624.

Volume II is a small paper book 8 in. by 6½ in., bound in parchment. Most of the entries for the first 50 years or so are written in a very illiterate hand. There are no marriage entries between 1716 and 1738.

Volume III is of the usual printed form.

These Marriages have been extracted by the Rev. J. F. Williams, and the proof has been collated with the Register. They are now printed by leave of the Rev. R. V. B. Pearse, Rector of Litchfield.

VOLUME I.

“Ludshelve register Booke

bought by Nicholas Webber, rector There, 1639.”

“I found no register booke when I first came to the p'ish : but writt all names of p'sons baptized, married, & buried in Woodcott register booke : w^{ch} cure I then served, & tooke them out thence againe when I had made this booke.”

“This booke was made September 7th, 1639. Yet heere are y^e names of all baptized, married, and Buried in this p'ish of Ludshelve ; since the induction of y^e aforesaid rector.”

Marriages at Herriard,

1701 to 1812.

NOTE.—Volume I is a paper book, in a sad state of mutilation, in a parchment cover, measuring 11 in. by 7 in. with a mere trace of Title on outside; many leaves are found loose, rolled up, and are now lightly repaired. Contents:—Baptisms, 1666-1678, with a lapse till 1692; then continue 1692-1736; Marriages, 1701-1733, few in number, but probably all are recorded; Burials, 1668-1734, these are often attested by signatures and seals of Magistrates.

Volume II is a parchment book in parchment binding with paper fly leaves. It has 30 pp., measuring 7½ in. by 12½ in. The volume contains:—Baptisms, 1731-1791; Marriages, 1736-1754; Burials, 1736-1792. These are entered in separate groups. On one of the fly leaves is a list of burial fees.

Volume IV contains the Marriages, 1754-1812, and is the usual printed form.

These entries have been extracted by Mr. S. Andrews, of Basingstoke, and have now been printed under his supervision by leave of the Rev. E. L. Shadwell, of Herriard.

Volume II consists of 45 folios of parchment, 12 inches by 5½ inches, bound in parchment. Contains:—Baptisms, Marriages, and Burials, 1635 to 1678, entered separately. There are a good many omissions between the years 1641 and 1647. On the parchment cover is written: "The regester booke of the peculiar jurisdiction of Whitchurch, 1635. Ant. Knott; 1561, nascor; 1635, pascor." At the end of the book is a record of money collected on briefs, 1661 to 1664.

Volume III consists of 76 parchment folios, 14 inches by 8 inches, in a parchment binding originally fitted with clasps. Contains:—Baptisms and Burials, 1678 to 1757; Marriages, 1678 to 1754. From 1678 to 1731 the entries are mixed; after that date they are separate.

Volume IV. Printed form, 17 inches by 11 inches, bound in calf. Banns and Marriages, 1754 to 1790, printed on one side of the paper only. On some of the blank pages are written several interesting parochial notes.

Volume V. Printed form, 14 inches by 9 inches, bound in calf. Banns and Marriages, 1792 to 1812, separate. The entries from March 1790 to Jan. 1792 seem to have been lost.

These Registers have been transcribed by the Rev. J. F. Williams, by permission of the Rev. J. Carpenter Turner, Vicar of Whitchurch, who has allowed them to be printed.
